KILLED BY EXPLOSION

Six Lives Lost as the Result in New York City.

MANY WERE INJURED

While Some of the Victims Are Badly Hurt, It Is Not Believed Any Will Die—Property Destroyed Is Estimated \$1,000,000.

New York, Jan. 28.—The explosion yesterday of the reserve supply of high explosives stored at the Park avenue shaft of the Rapid Transit tunnel, now in course of construction, killed six persons, injured a hundred others and seriously damaged all the property reached by the flying debris and the vibration of the shock.

The irregular square formed by the Murray Hill hotel on the west, the Manhattan Eye and Ear hospital and the Grand Union hotel on the east, and the Grand Central railroad station on the north was the scene of the explosion. The buildings named sustained the great damage but the area extended for several blocks in four directions.

The killed were:
Cyrus Adams, cigar man at the Murray Hill hotel.

James Carr, a waiter employed at the Murray Hill.

Lawrence Hein, of Ansonia, Conn.

J. Roderick Robertson, of Nelson, B. C.

Ralph H. Thompson, assistant engineer.

Thos. Tubbs, master mechanic for contractor Shaler.

The list of injured is an exceedingly long one but most of those in it have only cuts caused by flying glass. None are believed to be seriously hurt.

The sunken approach to the street railway tunnel used by the Madison avenue line cuts through Park avenue and the shaft for the Rapid Transit subway was run down beside it at the intersection of East Forty-first street. The street railway approaches were housed over with a superstructure used for the operating plant of the Rapid Transit contractors. Temporary occurred. It tore a great gorge in the street, demolished the temporary buildings and part of the superstructure and sent a mass of earth, splintered timber and twisted iron high in the air. Much of it went battering against the front of the Murray Hill hotel and although the walls and main structure of that building stood the shock, nearly every room in the front of the house was wrecked.

The Manhattan Eye and Ear hospital, on the east of the avenue, fared nearly as bad and had to be abandoned by the management. The Grand Union hotel lost all of its windows and glass partitions, and practically every front window in the Grand Central station was shattered. The great clocks on its front towers were blown from their cases. Thousands of windows, some of them seven blocks from the tunnel shaft, fell in fragments. It was the shower of broken glass and falling debris that injured the greatest number.

The cause of the explosion and the quantity of explosives that blew up are not definitely known. Several causes have been advanced. One was that a fire started near the powder room and that Master Mechanic Thomas Tubbs lost his life in a desperate attempt to quench it before it reached the deadly fume. Another is that it started from a spark produced by a stray current of electricity. A third placed the blame upon a blast in the tunnel. Still another gave a gas explosion from electrical contact in the trolley conduit in the street railway subway. Several men who were very close to the shaft escaped, while others hundreds of feet away were knocked down and seriously injured.

Ina Shaler, engineer in charge of the work at Park avenue, John Bracken, a foreman, and Martin McGrath, an assistant foreman, were placed under arrest and charged with homicide. Wm. B. Parsons, chief engineer of the Rapid Transit commission, said that Shaler was one of the most competent and careful engineers he ever knew.

The damage may exceed \$1,000,000. The first estimate on the Murray Hill hotel placed the loss at \$100,000, but later the hotel was abandoned as unsafe. If the building is condemned the loss on it alone will approach \$1,000,000. The damage to the Grand Union was estimated at \$40,000, and that to the Manhattan hospital at \$25,000. The loss at the Grand Central station was entirely in glass, as was that of the one hundred or more other buildings affected by the explosion. No estimate was made of the losses sustained by the Rapid Transit contractors.

There was a clash in court in the afternoon between District Attorney Jerome and Coroner Goldenkrantz, resulting in the former being struck in the face, and when almost a free fight occurred.

Hurt While Drilling.
San Antonio, Tex., Jan. 28.—Three

men of the second field artillery were dangerously injured while at drill on the drill grounds at Fort Sam Houston, the accident being caused by the gun carriage overturning while a wheel-into-line movement was being made. Private George Wornalee of Los Angeles, Cal., had his scalp torn almost from his head, his right thigh broken and otherwise injured, and it is feared he cannot live. Albert Davidson of Mobile, Ala., and Albert Brown of McKinney, Tex., were also badly injured, but will recover.

ANOTHER SKY SCRAPER.

Montgomery Ward to Erect a Sixteen-Story Building at Chicago, Chicago, Ill., Jan. 28.—One of the largest private building projects in the history of Chicago, involving an expenditure of \$2,250,000, has been provided for by the purchase from C. W. Marks by Montgomery Ward, of the property at the southwest corner of Michigan avenue and Washington street for \$600,000.

The building planned for this ground, which has a frontage of 162 feet in Washington street, and of 91 feet in the avenue, will cost \$1,000,000, the authority for erecting 16 stories having been granted by a special city ordinance. The section to replace the eight-story structure between this and the new Ward building will cost \$1,250,000 and will conform to the new building.

CONVICT-MADE TWINE.

Government Seizes Two Carloads Supposed to Be from Philippines.

Boston, Mass., Jan. 28.—Two carloads of binder twine have been seized by treasury agents at Newburyport, on the ground that the twine was the product of prison labor in a Canadian penitentiary. Under the government laws shipment of such product into the United States is prohibited. The amount seized was 50,000 pounds worth \$5000. The twine was assessed \$1632 for duty at Richmond, Vt., as "Manila" twine, but the consignees protested on the ground that it was "sisal" twine and thus free of duty. The protest was upheld, but before the twine reached Newburyport the treasury department was told that the twine was prison-made.

Pacification of Filipinos.

San Francisco, Jan. 28.—Rev. Homer C. Stuntz, superintendent of Methodist missions in the Philippine islands, has arrived here on the steamer China and will make a trip to eastern cities. He declares the Filipinos are rapidly becoming pacified, and about church matters said: "The people are giving Protestantism a very good hearing. About 12,000 assemble every week in response to the efforts of the missionary society workers in the Philippines."

Rear Admiral Kimberly Dead.

Washington, Jan. 28.—Secretary Long has received a telegram announcing that Rear Admiral Lewis A. Kimberly, United States navy, retired, died at West Newton, Mass. Admiral Kimberly was selected for service on the Schley court of inquiry, but was compelled to decline on account of ill-health.

Makes Another Successful Sail.

Monte Carlo, Jan. 28.—Santos-Dumont made a trial ascent of his airship here. Everything worked smoothly. His vessel readily answered her helm in the light breeze prevailing. After a tour of the harbor, Santos-Dumont steered his craft back to her shed, amidst the cheers of the assembled crowds.

Favor Pacific Cable Bill.

Washington, Jan. 28.—By a vote of 8 to 7 the house committee on commerce decided to favor government construction, operation and maintenance of the Pacific cable, ordered a favorable report on the bill by Representative Corliss of Michigan, providing details such as the government is undertaking.

One Only Received Clemency.

Washington, Jan. 28.—The president Monday acted on ten applications for executive clemency. He denied nine of them. In the case of Edward Wilkins, who was convicted in 1898 of horse stealing in the Indian Territory the president commutes his five-year sentence to expire at once.

No Clue to Robbers.

Charleston, Jan. 28.—No clue has been found to the highwaymen who held up the train on the Southern Monday night near Branchville. Officials of the express company have left here with detectives and bloodhounds for the scene of the robbery. It is said the robbers got very little loot.

Philippine Resolution Passed.

Washington, Jan. 28.—The resolution introduced by Mr. Lodge, authorizing the committee on Philippines to make an investigation of the Philippines question, and for that purpose to sit during sessions of the senate, was adopted by the senate.

tion of the Democratic party.

HON. T. M. CAMPBELL'S LETTER.

Hon. T. M. Campbell has with-
drawn from the race for governor,
owing, he says, to the fact that the
holding of early primaries in coun-
ties where he is least known and
understood deprive him of a full
and fair hearing before the people.
Continuing Col. Campbell says
in part:

"Grave questions are upon the
people. The great West is shackled
by a vicious land policy. Its prog-
ress and development is retarded
by the absolute lease line. Millions
of dollars are being taken from the
people in excessive and inequitable
freight and passenger charges. Tex-
as factories are paralyzed, our com-
merce crippled and the farmers
plundered by traffic charges favor-
able to the long haul and to out-
side interests. Railroads and other
corporate wealth are being consoli-
dated, their power emphasized and
competition destroyed. Our legisla-
tures are being dominated by cor-
porate interests, trusts are flour-
ishing in our midst, while many
farmers are mortgaging and the
working man is struggling for the
right to exist. Platform demands
are disregarded and the integrity
of the Democratic party bartered
for free passes and theater tickets.
We have a system of taxation by
which the small property owners
carry the chief burden of state,

county and municipal government.
A crude and inadequate accounting
system. State convicts are work-
ing in competition with free labor
and other evils obtain, upon all of
which discussion should be had
and to the correction of which
every candidate for a state office
and for legislative honors should be
pledged in advance.

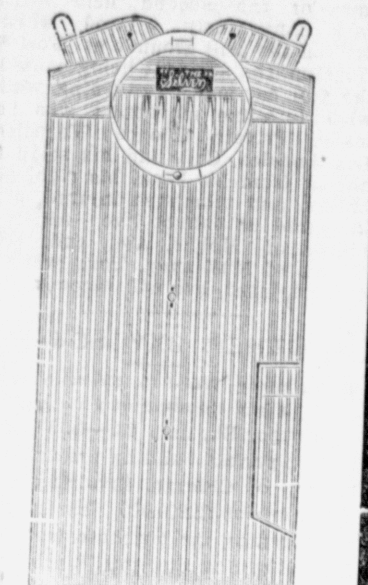

"And now, to the end and so far
as I am able to accomplish such a
result, that the nominee of the
Democratic party for the office of
governor may, if he will, go into
office as the common choice of a
hopeful and trusting democracy,
untrammelled by a sense of obliga-
tion to any corporation, trust or
'political machine,' and with the
hope that he will be big enough,
broad enough and brave enough to
be governor in the fullest sense of
the word; that his administration
will be conspicuous for the utter
absence of a 'power behind the
throne,' that illusive and irrespon-
sible something that has cost states
and nations so much in blood and
treasure; that he may see the dan-
ger in present tendencies and have
the courage, the manhood and the
statesmanship to correct existing
evils, enforce the law, uphold the
constitution, protect the weak
against the strong, and promote the
general welfare, I have decided,
after mature consideration, not to
enter the contest, which under ex-
isting conditions would be vain."

The letter is a good one and
should be suggestive and helpful to
the Democratic party and its can-
didates at this time. It should be
especially suggestive in its refer-
ence to officials who barter the "in-
tegrity of the party," and he might
have said, the interests of the peo-
ple, for free passes and theater
tickets. Officials with free railroad
passes, telephone and telegraph
franks and other favors from the
corporations in their pockets are
not in exactly the right attitude to
legislate upon some very import-
ant matters.

HENER'S REPORT.

His Losses and Success Against
the Boers.

London, Jan. 28.—A long dispatch
from Kitchener, dated January 27, gives
details of military operations since
January 21. They are mostly unim-
portant, but indicative of continued
activity on the part of the Boers.

General Methuen's yeomanry got in
trouble near Rietolei, western Trans-
vaal, and lost eight men killed, five
wounded and 41 made prisoners. The
latter since have been released.

This was offset by General Bruce
Hamilton's pursuit of the Boers in the
vicinity of Ermelo, Transvaal, result-
ing in the dispersal of a Boer laager
at Nelspan. Boer losses were two men
killed, four wounded and 94 made
prisoners, including Feld Coronet Dev-
illers, Captain De Jager and Lod-
wate, De Jager, a former member of
the first volksraad.

In addition Colonel Plumber captur-
ed 55 Boers.

The week's Boer losses were 31 men
killed, 23 wounded, 322 made prison-
ers and 53 men surrendered.

TRAIN HELD UP.

Two Iron Safes Loaded upon a Wagon
and Taken Away.

Charleston, Jan. 27.—Meager details
of a daring holdup on the Southern
railway near Branchville, which occur-
ed early Monday evening, have been
received here. As a northbound pas-
senger train from Charleston slowed
up two miles from Branchville, the en-
gineer, fireman and conductor were
compelled by masked men at the point
of pistols to stop. The robbers over-
awed the passengers, and, uncoupling
the engine, express and baggage cars
from the remainder of the train, ran
two miles up the road, where they load-
ed the two iron express safes upon a
2-horse wagon and drove away. The
express messenger was ordered by the
robbers to unlock the safes, but declar-
ed that he did not know the combina-
tion.

SAVED FROM LYNCHERS.

Fullblood Shawnee Tortured and Al-
most Burned at the Stake.

Guthrie, O. T., Jan. 28.—Fred Tiner,
a full-blood Shawnee Indian, alleged
to have outraged three Shawnee
squaws on last Thursday, was tied to a
stake to be burned to death by mem-
bers of his tribe, men and women. He
was first cruelly tortured. His face
was beaten out of shape, his ears were
torn nearly off by squaws and other
horrible tortures were being applied
when Deputy United States Marshall
Davis arrived from Arbeka, I. T., held
the mob back with a gun, and single-
handed cut the thongs, backed away
from the crowd with his prisoner and
safely escaped to Weweka, where
Tiner was placed in jail.

Stamp on Free Papers.

Washington, Jan. 28.—The postoffice
department has been undertaking to
discipline the Commoner, Wm. J. Bry-
an's paper. Some time ago Mr. Bry-
an placed on his complimentary mail-
ing list the names of all senators and
representatives who were not already
subscribers to his paper. The depart-
ment rules that he must put a stamp
on all such free papers. It is held
that, while this free distribution is
not advertising wares, goods and mer-
chandise, it is advertising doctrines,
and comes within the rules regulating
second class postage.

Began Investigation.

Austin, Jan. 28.—The committee
created by the legislature to investi-
gate the departments and institutions
of the state held its first regular meet-
ing in the state capitol Monday. All of
the members of the committee were pres-
ent, namely: Hon. Travis Henderson,
chairman; Hon. W. T. Shannon, Hon.
S. R. Boyd, Hon. R. N. Stafford and
Hon. George W. Savage. W. R. Bounds,
one of the accountants chosen at the
Dallas meeting, was sworn in. Capt.
R. H. Bruce, the other accountant, did
not show up. The rate of compensa-
tion for the accountants has not yet
been fixed.

Must Abandon Tobacco.

Paris, Tex., Jan. 28.—Frisco passen-
ger trainmen must break themselves
of the tobacco habit before the 15th
of February, for on that date a new
code of rules and regulations goes into
effect, one section of which provides
that no passenger trainman shall use
tobacco in any form while in uniform
on duty, and no employee shall smoke
or chew tobacco in passenger stations
or about the platforms. The new
rules do not make much further
change. A few signals are altered
and new ones given in their place,
but the changes are easy.

Shot a Woman and Suicided.

Chicago, Ill., Jan. 28.—Dr. Harry J.
Zeigler of 316 West King street, Lan-
caster, Pa., fatally wounded a woman
passing as his wife and then killed
himself at the Wellington hotel. A
note left by the physician declared that
he and his wife had decided to die and
that as he lacked the nerve Mrs. Zeig-
ler had promised to commit the act.
The woman, before being removed to
the hospital in a dying condition, de-
clared that the shooting was done by
her husband.

German Kills Himself.

Corsicana, Tex., Jan. 28.—Louis
Blum, a well-to-do German of this
city, was found dead at his home Mon-
day afternoon. By his side lay a shot-
gun, with which death had been in-
flicted, while portions of his skull and
brain were scattered around the room.
He was found by his wife, from whom
he separated some days ago. A twine
was attached to the triggers, and it is
thought that Blum fired the gun with
his foot.

HON. T. M. CAMPBELL'S LETTER.

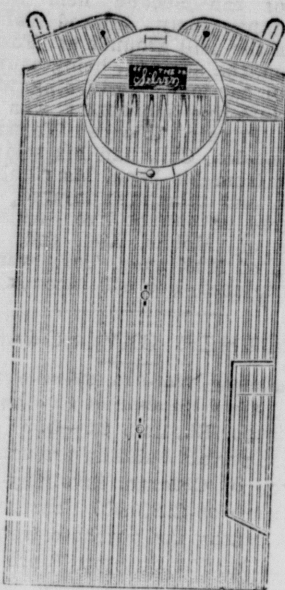

Hon. T. M. Campbell has with-
drawn from the race for governor,
owing, he says, to the fact that the
holding of early primaries in coun-
ties where he is least known and
understood deprive him of a full
and fair hearing before the people.
Continuing Col. Campbell says
in part:

"Grave questions are upon the
people. The great West is shackled
by a vicious land policy. Its prog-
ress and development is retarded
by the absolute lease line. Millions
of dollars are being taken from the
people in excessive and inequitable
freight and passenger charges. Tex-
as factories are paralyzed, our com-
merce crippled and the farmers
plundered by traffic charges favor-
able to the long haul and to out-
side interests. Railroads and other
corporate wealth are being consoli-
dated, their power emphasized and
competition destroyed. Our legisla-
tures are being dominated by cor-
porate interests, trusts are flour-
ishing in our midst, while many
farmers are mortgaging and the
working man is struggling for the
right to exist. Platform demands
are disregarded and the integrity
of the Democratic party bartered
for free passes and theater tickets.
We have a system of taxation by
which the small property owners
carry the chief burden of state,

Pickpockets After Gen. Stoddard.

Two of the pickpockets who are doing business at the Grand Central station selected for a victim last night Gen. H. B. Stoddard, of Bryan, the right eminent grand master of the Knights Templars of the United States. Gen. Stoddard was a passenger on the H. and T. C. train that arrived in Houston at 7:25 p. m. He was on the platform of the first class coach when a young man brushed heavily against him and threw him over to one side. He turned on the party and was proceeding to lecture him for his conduct when his attention was attracted by a young man on the other side who was making an effort to get into his pocket. General Stoddard turned quickly and made an attempt to grasp the would-be thief by the arm, but he was too quick and got away but without any booty. During the excitement the party who first brushed against General Stoddard also escaped. The general reported the matter to the depot police and a search was instituted of the depot premises, but the suspects were not found.—Houston Post.

"CLOUDS."

(Written for the Eagle)
Off in the north is a tiny cloud,
Scarcely discerned in the sky of blue;
I've watched as it gathered speck by speck,
It seemed so uncertain what to do.
When it began, 'twas the merest fleck—
Seemed that the first gentle breeze that blew
Must waft it off to be lost in space,
But, no! It held firm and grew and grew.
Just now, as I watch, come fresh recruits—
Pale, straggling cloudlets that fain would pass,
But they get tangled—they pause—they stop—
They've added their force—they're part of the mass.
And as I watched on, and on, and on,
While more clouds came at this first cloud's beck,
Somehow these thoughts in my mind took shape:
That dark cloud there that was once a speck
Is like to the quarrel that once begun
If 'tis not quelled ere it grows apace,
If 'tis not blown by a gentle word
Far into Love's great "forgiveness space."
Must grow and grow—ah, yes, ever grow—
(Just as this cloud from a tiny speck)
Must grow to a mass of cruel thoughts,
Gathering force from each idle fleck,
Must grow—ever grow—from anger to hate,
Dark'ning the way till life's a wreck.

Pickpockets After Gen. Stoddard.

Two of the pickpockets who are doing business at the Grand Central station selected for a victim last night Gen. H. B. Stoddard, of Bryan, the right eminent grand master of the Knights Templars of the United States. Gen. Stoddard was a passenger on the H. and T. C. train that arrived in Houston at 7:25 p. m. He was on the platform of the first class coach when a young man brushed heavily against him and threw him over to one side. He turned on the party and was proceeding to lecture him for his conduct when his attention was attracted by a young man on the other side who was making an effort to get into his pocket. General Stoddard turned quickly and made an attempt to grasp the would-be thief by the arm, but he was too quick and got away but without any booty. During the excitement the party who first brushed against General Stoddard also escaped. The general reported the matter to the depot police and a search was instituted of the depot premises, but the suspects were not found.—Houston Post.

Members Taken to Task in the Senate for Talking.

SENATE WAS LIVELY

Special Session of Senators McCreary and Foraker of Ohio presented in the Senate. House Proceedings.

Washington, Jan. 28.—An animated and prolonged discussion was precipitated in the senate Monday over the right of army officers to criticize utterances made in the senate or elsewhere on the conduct of affairs in the Philippines. At times it became somewhat acrimonious, officers in the Philippines being sharply taken to task for statements attributed to them in dispatches from Manila.

Mr. Dubois of Idaho had read an Associated Press dispatch from Manila in which General Wheaton was quoted as criticizing some utterances of Professor Schurman in a speech delivered in Boston. Mr. Dubois thought the president, in the circumstances, would be warranted in reprimanding General Wheaton for his criticisms. He declared that such comment upon the action of the senate was "outrageous and indecent," and that the minority had had quite enough of threats and blackmail.

Mr. Lodge of Massachusetts, Mr. Spooner of Wisconsin and others intimated that no newspaper utterance ought to be accepted as the basis of a reprimand of any officer unless it were supported by an investigation indicating the accuracy of the report.

Mr. Money of Mississippi delivered an extended speech, going pretty thoroughly over the whole Philippine question.

Mr. Platt of Connecticut took sharp issue with the Mississippi senator on some of his conclusions of constitutional law, contending that the United States could not be expected to grant independence to the Filipinos and to relinquish all rights in the islands merely because of the natives' desire for liberty.

Soon after the senate convened, Mr. Lodge, chairman of the Philippines committee, favorably reported a resolution authorizing that committee to make an investigation of the Philippines question and for that purpose to sit during the sessions of the senate. The resolution was referred to the committee of the contingent expenses.

Mr. Blackburn of Kentucky presented the credentials of James B. McCreary, recently elected senator from Kentucky, for a term of six years beginning on March 4, 1903. They were placed on file.

Mr. Hanna of Ohio likewise presented the credentials of his colleague, Joseph Benson Foraker, who was re-elected recently to the senate for a term of six years, beginning March 4, 1903.

In introducing a resolution providing for the appointment of a committee of experts to ascertain the cost of an isthmian canal tunnel five miles in length by what is known as the Darien route, Mr. Scott of West Virginia gave notice that at some later time he would address the senate upon the subject.

The house Monday adopted a resolution calling for documents relating to the old training ship Vermont, which was placed out of commission last summer, and also passed a bill to provide for the compulsory attendance of witnesses before registers and receivers of the general land office. A bill to appropriate \$100,000 for establishing homes for the teaching of articulate speech to deaf children was defeated. The house adjourned until Wednesday.

The house chaplain, in his invocation, referred feelingly to the death of the wife of Representative Davis of Florida, which occurred Sunday night.

Election Laws in the South.
Washington, Jan. 27.—At a caucus of southern Republicans in congress steps were taken looking to the preparation of a measure to be introduced in both houses comprising an amalgamation of the best features of the bills already presented in the house by Messrs. Barthold of Missouri and Gibson of Tennessee, for the enforcement of the election laws.

Cost of Danish West Indies.
Washington, Jan. 27.—The senate Monday in executive session received the treaty with Denmark, transferring the West Indies possessions of that country to the United States. The consideration by this country is \$5,000,000.

Postmasters Appointed.
Washington, Jan. 28.—The president has sent the following nominations to the senate for postmasters: Henry A. Cady, Ballinger, Tex.; Thomas L. Ball, Decatur, Tex.; Robert C. May, Leonard, Tex.; J. O. Thompson, Tuskegee, Ala.; Nelson H. Norman, Wynnewood, I. T. and George W. Watson, El Reno, I. T.

Pistol Fell from Pocket.
Guthrie, O. T., Jan. 28.—Will Riggs, a young farmer, while attending a sale on the Davis farm, two miles from Langston, was fatally wounded by the accidental discharge of a revolver. While examining some farm machinery a revolver dropped from his pocket, struck the machinery and discharged. The bullet passed through the bowels and the attending physician stated that he cannot recover.

Many Sick on a Transport.
Manila, Jan. 28.—The United States transport Sheridan has arrived here from San Francisco with many sick on board, including 30 cases of measles.

PATRICK'S TRIAL.

Case Reached the Point Where Cause of Death Is Sought.

New York, Jan. 28.—The second day of the trial of Lawyer Albert T. Patrick, accused of the murder of William M. Rice, brought it up to the point where the cause of the death of the millionaire is sought to be determined.

The first witness along this line of inquiry was introduced by the prosecution, was Dr. Hamilton Williams, one of the physicians attached to the coroner's staff, who attended the autopsy. The gist of his evidence was that his lungs were congested, and that this was due to the inhalation of some gaseous irritant, and that chloroform would have produced such a condition of the lungs. He said later pneumonia could produce the same condition.

Discussing Scale Secretly.

Indianapolis, Jan. 28.—The United Mine Workers closed their doors this afternoon to newspaper men, so that the discussion of the report of the scale committee could not be made public. Guards were stationed at the doors after the newspaper men left to see that no one broke in. It was reported before the convention began that the committee had agreed to present a demand for a general advance for bituminous miners equivalent to 10 per cent in run of mine basis and a differential of 7 cents a ton between pick and machine mining.

Ten Men Still Missing.

Manila, Jan. 28.—The ten men of the command of Captain David D. Porter of the United States marine corps who failed to return from the expedition into the interior of Samar when Captain Porter and 26 of his party reached the coast of that island Jan. 21, are still missing, and little hope of their safe return is entertained.

Double Hanging for Murder.

Harrisburg, Pa., Jan. 28.—Weston Keiper and Henry Rowe were hanged here in the presence of 1000 persons. Their crime was the murder of Cashier Chas. W. Ryan, of the Halifax National bank, Halifax, Pa., while they were robbing the bank.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac.

Will Rothwell has been taken from the insane asylum and sentenced to the Texas penitentiary for 55 years for the murder of two young men at Graham, Tex. His plea was insanity, but did not avail.

Joe Cavines shot and killed Jack Parker at Schriener's ranch in Mason county, Tex.

H. P. Tutsch, a member of the St. Louis Business league, is at Houston, investigating the use of oil as a fuel, in order to do away with the coal smoke.

Prohibition was defeated in Angelina county, Tex.

Joseph Powell, aged 75, the oldest section foreman at Evansville, Ind., was run over by a switch engine and killed.

Christian Ashbaucher, a farmer, near Vera Cruz, Ind., fell from a load of lumber and died from his injuries a few hours later.

Dr. J. W. Martin, the oldest physician of Brookhaven, Miss., died, aged 81.

C. M. Nelson, of St. Louis, was sentenced to six years in the Kansas penitentiary for the burglary of a store at Hammond, Kan.

of the international disputes than the brutal murder of another.

"As a general proposition it may be stated that the nation which refuses peaceful arbitration is responsible for the war which ensues. Britain, having done this in its dispute with the Transvaal republic, is responsible for the extermination of a brave and heroic Christian people. But let us also remember that we are engaged in shooting down Christian Filipinos, whose only crime is that they believe in the declaration of independence. Sad that both branches of the so-called most highly civilized race should be guilty of the most uncivilized crimes. Let us all pray that this disgrace is soon to pass away."

Tribal Tax Injunction.

Ardmore, I. T., Jan. 28.—After an ex parte hearing in the tax case here United States Judge Townsend granted an injunction restraining the Indian tax collector and his deputies from seizing, holding or disturbing cattle and horses belonging to non-citizens or from seeking to collect 25c per head or any other sum of money from owners of the cattle and horses under the Chickasaw statute enacted on the 24th day of August, 1898, or any other statute enacted by the Chickasaw legislature seeking to impose taxes or burdens upon the property of non-members of the tribe. Collection by intimidation is alleged by non-citizens who threaten to sue the secretary of the interior to recover amounts paid by them as tribal taxes to Indian authorities.

No Overtures for Peace.

London, Jan. 28.—The government leader, A. J. Balfour, announced in the house of commons that no overtures for peace had been received from any one authorized to speak in behalf of the Boers. A communication was, however, received late Saturday last from the Dutch government which was now under consideration. Balfour hoped shortly to lay the communication and reply to it before the house.

A Mine of Pure Silver.

Neihart, Mont., Jan. 28.—Two prospectors, Dave Llewellyn and W. H. Harmon, have struck near here what is believed to be a mine of pure silver. They have secured 13 tons of ore which is almost malleable. An average assay is 18,000 ounces, which gives a value to a ton of nearly \$8,000 in white metal.

New Department Bill Passed.

Washington, Jan. 28.—The senate has passed the bill creating the department of commerce and labor.

HT TO CRITICISE.

Officers Taken to Task in the Senate for Talking.

ATE WAS LIVELY

Specials of Senators McCreary, Foraker and Foraker of Ohio presented in the Senate. House Proceedings.

Washington, Jan. 28.—An animated and prolonged discussion was precipitated in the senate Monday over the right of army officers to criticise utterances made in the senate or elsewhere on the conduct of affairs in the Philippines. At times it became somewhat acrimonious, officers in the Philippines being sharply taken to task for statements attributed to them in dispatches from Manila.

Mr. Dubois of Idaho had read an Associated Press dispatch from Manila in which General Wheaton was quoted as criticising some utterances of Professor Schurman in a speech delivered in Boston. Mr. Dubois thought the president, in the circumstances, would be warranted in reprimanding General Wheaton for his criticisms. He declared that such comment upon the action of the senate was "outrageous and indecent," and that the minority had had quite enough of threats and blackmail.

Mr. Lodge of Massachusetts, Mr. Spooner of Wisconsin and others intimated that no newspaper utterance ought to be accepted as the basis of a reprimand of any officer unless it were supported by an investigation indicating the accuracy of the report.

Mr. Money of Mississippi delivered an extended speech, going pretty thoroughly over the whole Philippine question.

Mr. Platt of Connecticut took sharp issue with the Mississippi senator on some of his conclusions of constitutional law, contending that the United States could not be expected to grant independence to the Filipinos and to relinquish all rights in the islands merely because of the natives' desire for liberty.

Soon after the senate convened, Mr. Lodge, chairman of the Philippines committee, favorably reported a resolution authorizing that committee to make an investigation of the Philippines question and for that purpose to sit during the sessions of the senate. The resolution was referred to the committee of the contingent expenses.

Mr. Blackburn of Kentucky presented the credentials of James B. McCreary, recently elected senator from Kentucky, for a term of six years beginning on March 4, 1903. They were placed on file.

Mr. Hanna of Ohio likewise presented the credentials of his colleague, Joseph Benson Foraker, who was re-elected recently to the senate for a term of six years, beginning March 4, 1903.

In introducing a resolution providing for the appointment of a committee of experts to ascertain the cost of an isthmian canal tunnel five miles in length by what is known as the Darien route, Mr. Scott of West Virginia gave notice that at some later time he would address the senate upon the subject.

The house Monday adopted a resolution calling for documents relating to the old training ship Vermont, which was placed out of commission last summer, and also passed a bill to provide for the compulsory attendance of witnesses before registers and receivers of the general land office. A bill to appropriate \$100,000 for establishing homes for the teaching of articulate speech to deaf children was defeated. The house adjourned until Wednesday.

The house chaplain, in his invocation, referred feelingly to the death of the wife of Representative Davis of Florida, which occurred Sunday night.

Election Laws in the South.

Washington, Jan. 27.—At a caucus of southern Republicans in congress steps were taken looking to the preparation of a measure to be introduced in both houses comprising an amalgamation of the best features of the bills already presented in the house by Messrs. Bartholdt of Missouri and Gibson of Tennessee, for the enforcement of the election laws.

Cost of Danish West Indies.

Washington, Jan. 27.—The senate Monday in executive session received the treaty with Denmark, transferring the West Indies possessions of that country to the United States. The consideration by this country is \$5,000,000.

Postmasters Appointed.

Washington, Jan. 28.—The president has sent the following nominations to the senate for postmasters: Henry A. Cady, Ballinger, Tex.; Thomas L. Ball, Decatur, Tex.; Robert C. May, Leonard, Tex.; J. O. Thompson, Tuskegee, Ala.; Nelson H. Norman, Wynnewood, I. T. and George W. Watson, El Reno, T. T.

Pistol Fell from Pocket.

Guthrie, O. T., Jan. 28.—Will Riggs, a young farmer, while attending a sale on the Davis farm, two miles from Langston, was fatally wounded by the accidental discharge of a revolver. While examining some farm machinery a revolver dropped from his pocket, struck the machinery and discharged. The bullet passed through the bowels and the attending physician stated that he cannot recover.

Many Sick on a Transport.

Manila, Jan. 28.—The United States transport Sheridan has arrived here from San Francisco with many sick on board, including 39 cases of measles.

PATRICK'S TRIAL.

Case Reached the Point Where Cause of Death Is Sought.

New York, Jan. 28.—The second day of the trial of Lawyer Albert T. Patrick, accused of the murder of William M. Rice, brought it up to the point where the cause of the death of the millionaire is sought to be determined. The first witness along this line of inquiry was introduced by the prosecution, was Dr. Hamilton Williams, one of the physicians attached to the corner's staff, who attended the autopsy. The gist of his evidence was that his lungs were congested, and that this was due to the inhalation of some gaseous irritant, and that chloroform would have produced such a condition of the lungs. He said later pneumonia could produce the same condition.

Discussing Scale Secretly.

Indianapolis, Jan. 28.—The United Mine Workers closed their doors this afternoon to newspaper men, so that the discussion of the report of the scale committee could not be made public. Guards were stationed at the doors after the newspaper men left to see that no one broke in. It was reported before the convention began that the committee had agreed to present a demand for a general advance for bituminous miners equivalent to 10 per cent in run of mine basis and a differential of 7 cents a ton between pick and machine mining.

Ten Men Still Missing.

Manila, Jan. 28.—The ten men of the command of Captain David D. Porter of the United States marine corps who failed to return from the expedition into the interior of Samar when Captain Porter and 26 of his party reached the coast of that island Jan. 21, are still missing, and little hope of their safe return is entertained.

Double Hanging for Murder.

Harrisburg, Pa., Jan. 28.—Weston Kelper and Henry Rowe were hanged here in the presence of 1000 persons. Their crime was the murder of Cashier Chas. W. Ryan, of the Halifax National bank, Halifax, Pa., while they were robbing the bank.

of the international disputes than the brutal murder of another.

"As a general proposition it may be stated that the nation which refuses peaceful arbitration is responsible for the war which ensues. Britain, having done this in its dispute with the Transvaal republic, is responsible for the extermination of a brave and heroic Christian people. But let us also remember that we are engaged in shooting down Christian Filipinos, whose only crime is that they believe in the declaration of independence. Sad that both branches of the so-called most highly civilized race should be guilty of the most uncivilized crimes. Let us all pray that this disgrace is soon to pass away."

Tribal Tax Injunction.

Ardmore, I. T., Jan. 28.—After an exparte hearing in the tax case here United States Judge Townsend granted an injunction restraining the Indian tax collector and his deputies from seizing, holding or disturbing cattle and horses belonging to non-citizens or from seeking to collect 25c per head or any other sum of money from owners of the cattle and horses under the Chickasaw statute enacted on the 24th day of August, 1898, or any other statute enacted by the Chickasaw legislature seeking to impose taxes or burdens upon the property of non-members of the tribe. Collection by intimidation is alleged by non-citizens who threaten to sue the secretary of the interior to recover amounts paid by them as tribal taxes to Indian authorities.

No Overtures for Peace.

London, Jan. 28.—The government leader, A. J. Balfour, announced in the house of commons that no overtures for peace had been received from any one authorized to speak in behalf of the Boers. A communication was, however, received late Saturday last from the Dutch government which was now under consideration. Balfour hoped shortly to lay the communication and reply to it before the house.

A Mine of Pure Silver.

Neihart, Mont., Jan. 28.—Two prospectors, Dave Llewellyn and W. H. Harmon, have struck near here what is believed to be a mine of pure silver. They have secured 13 tons of ore which is almost malleable. An average assay is 18,000 ounces, which gives a value to a ton of nearly \$8,000 in white metal.

BRAIN-FOOD NONSENSE.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not nourish a particular part of the body but it will sustain every other part. Yet, however good your food may be its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Wilson-Jenkins Drug Co.'s store. Get Green's Special Almanac. dtf
